It gives me immense pleasure to inform that NCRB has digitized its annual publication ‘Crime in India’ from 1968 onwards and loaded the same on NCRB website as well as Government portal. For the above achievement, NCRB was awarded Silver in Open Data Championship category of Digital India Award, 2016 by Shri Ravi Shankar Prasad, Minister for Information Technology on 9.12.2016. ‘Crime in India 2015’ was released by Union Home Minister, Shri Rajnath Singh on 29th August, 2016.

CCTNS project is marching ahead with release of CAS 4.5 which enables production of various registers and reports at police station level. CCTNS software has been deployed at 86% of the police stations in the country and 29 States and UTs have launched the Citizen Portal either fully or partially. NCRB has also launched Mobile App templates for complaint registration, view FIR and get latitude and longitude.

112 Foreign Police Officers from more than 20 countries have undergone training on Cyber Crime and Network Security, Information Technology in Law Enforcement and Advanced Finger Print Science at NCRB. NCRB also conducted All India Board Examination for accreditation of Finger Print Experts in November 2016.

Suggestions, if any, are welcome.

Dr. Ish Kumar, IPS
Director, NCRB

Shri Surendra Panwar, Joint Director NCRB receiving ‘Digital India Awards 2016’
**Statistical Branch**

The annual reports ‘Crime in India – 2015’, ‘Accidental Deaths & Suicides in India – 2015’ have been published in the month of July, 2016. The report ‘Crime in India – 2015 was released by Hon’ble union Home Minister Sh. Rajnath Singh on 30.08.2016.

NCRB has been conferred with ‘Digital India Awards 2016’ in Open Data Championship Category with Silver on 9th December, 2016 for uploading of more than 3,000 datasets on Open Government Data (OGD) Platform India in open source format of Ministry of Electronics and Information Technology (MeitY).

**CCTNS Project**

CAS version 4.5 was released on 21st November 2016 and 44 Reports are generated from the CAS software at Police Station level.

**Deployment of CCTNS Software**

As per information received from the States/UTs, the total numbers of Police Stations are 15,123 in the country as on 31st December 2016. Out of a total of 15,123 Police Stations CCTNS Software has been deployed at 12,962 police stations (86%).

#### Mobile App Templates Released by NCRB

NCRB released templates for **Citizen Complaint Registration Mobile App** (Android/Java & Android/Microsoft) and **View FIR Mobile App** (Android/Java & Android/Microsoft) to the states for further customization and release in public domain. The Citizen Complaint App is used for registration of complaint and viewing status of the complaint. The View FIR App can be used to view copy of an FIR using a mobile. Both these Apps are compatible with CAS application and runs on CCTNS database.

**Get Latitude and Longitude App** is used to get the GPS coordinates of the current location of the mobile phone. The user can view the current location on map and GPS coordinates of any other location like Police Station, scene of crime etc.
Crime Records

Fake Indian Currency Notes (FICN) A training cum workshop was conducted for Concerned officers of RBI and other Commercial Banks on 29th and 30th September 2016 in New Delhi.
