It is a great feeling to be able to connect with all of you in the very beginning of my tenure as Director General NCRB through NCRB Newsletter. My predecessors have passed on the baton to me and we shall together ensure that we are able to continue their excellent work forward.

The momentum of CCTNS has to be maintained. We should also bring out our remaining annual publications soon. Besides, States/UTs are furnishing monthly data on human trafficking under revised proformae so that data on “Anti-Human Trafficking” can be compiled for further use of end users. We may explore the feasibility of an annual report exclusively on the problem of human trafficking in India.

During the period, NCRB has conducted four courses on CCTNS including one course for Addl. SP/SP rank officers to enhance their awareness about CCTNS. Courses on subjects like ‘Network & e-Security’, ‘Coloured Portrait Building System’ and ‘Advanced Finger Print Science’ were also conducted to improve the skills and awareness of the Investigating Officers about utilities of I.T. in effective Policing.

I also compliment the untiring efforts of the NCRB team led by Shri Surendra Panwar, Joint Director for their professional skills and zeal in handling various matters, especially smooth conduct of training courses every week.

I look forward to a satisfying tenure in NCRB and seek your cooperation in all my endeavours.

Archana Ramasundaram IPS
Director General
