It is a great feeling to be able to connect with all of you through July-Sep 2014 issue of NCRB Newsletter in this festive season. I extend my warm greetings to all readers, members of NCRB and their families for Diwali festival.

To achieve the goal optimally, Hon’ble Union Home Secretary held meeting with CCTNS nodal officers and reviewed the project. Taking one step ahead, he also chaired the meeting regarding linking of NPR, IVFRT and CCTNS databases with Passport database. 31 States/UTs are working on CAS CCTNS, and rest will join hands with these states very soon.

I have visited the State of Jharkhand, Karnataka, Maharashtra, Jammu & Kashmir and the UT of Chandigarh to review CCTNS progress and observed that teams associated with CCTNS are working hard to achieve the goal, though the desired progress is eluding.

Data Entry module of “Crime in India” and “Accidental Deaths & Suicides in India”, software are finalized. Accordingly, the users from all States/UTs were called on for 5 days Training of Trainers (ToT) training programme, for these softwares.

Two courses on CCTNS for Addl. SP/SP rank officers were conducted at NCRB, to make them aware about CCTNS and their role in CCTNS. Courses on the subjects like Network & e-Security, Refresher Courses on Fingerprint Science and Colour Portrait Building System were also conducted, to make the Investigating Officers aware about progress in I.T. and Finger Print Science. Apart from the above, the 6 week courses for Foreign Police Officers on “Advanced Programme in Computer Networking and Security” and “Advanced Finger Print Science”, were concluded with an excellent feedback. The untiring efforts of team led by Shri D.M. Mitra, Joint Director(CCTNS) & Shri Surendra Panwar, Joint Director(A&T) are appreciable as the team has shown professional skills and zeal to attain goals stipulated & defined.

R.R. Verma
Director General
Training Programmes

6 week courses on “Advanced Programme in Computer Networking and Security” and “Advanced Finger Print Science” for Foreign Police Officers were conducted from 14th July to 22nd August 2014. 36 participants from 11 countries attended these training programmes. Apart from Agra, Jaipur and Delhi sight Seeing, trainees were taken to Rashtrapati Bhawan and Parliament House.

Besides courses conducted on CCTNS, Colour Portrait Building System, Network & e– Security and Refresher course on Finger Print Science for SI to Dy.SP rank officer, two workshops on CCTNS for SP and Addl. SP rank officers were also conducted wherein emphasis was given on overview of NeGP/MMPs, CCTNS architecture, various stakeholders in CCTNS and its implementation.

ANOTHER DAY ANOTHER WORLD

As soon as you set your feet out of the plane, Its the piercing heat from the scorching sun that greets your body and mind.

Another day ,another world in all the tarmac routes, its all in amazement, as bicycles, tuk tukus in local language, cars buses and lorries hooting to each other, in registering one’s presents and due attention.

Pii,piii,piiii,piiiiiiii, Yes!!, all the hooting sounds in the ears. It’s the order of the day in another world where everyone is in a rush, as if in competition,yet, the register is telling a tale of an ever busy populace.

India a marvel in pride. Another day another world where in every enclosure be it a room, a car, a bus even in the tuk tukus, look around, your eyes are to meet an conditioner, giving a cool breeze to your body.

True,Leader, Father figure, who truely accommodates, every national irregardless, of where one comes from, thus Director, National Crime Records Bureau.

Another day another world, where Independence was attained with not a single bullet fired, Yes!!, but Its all by his Majesty,Mohan Das Karam Chand Gandhi.

The peace,freedom, tranquil and utmost conquer for all to be in recognition was through his Majesty’s sacrifice, who miraculasly survived an Assesination Attempt, when, in South Africa, he was thrown out of a moving train, yet God saved him to save many.

Another day another world, where a true Messenger from the human creator, whose word of mouth,did the fighting against all weaponry, for the total freedom of all races.

Another day another world ,where true love is the Motto,for the exhibition is in readiness of the State to share all its Technological successes with different Nations,less priviledged.

Another day another world, where one can easily adapt to the culture and life with easy, another day another world, Bahut bahut shukriya.

I THANK YOU.

SAUL UTETE, ZIMBABWE
NCRB Trainee
Central Finger Print Bureau

The annual report “Fingerprint in India - 2013 (English)” has been finalized.

A new 05-day Refresher Course in Finger Print Science was introduced at CFPB Unit, Kolkata for the personnel who have undergone 6 month / 1 year proficiency courses at Kolkata. It was successfully conducted from 22.09.2014 to 26.09.2014 and was attended by 09 candidates from 05 States/UTs.

DCT Branch

The Nodal Officer’s Section of the CCTNS page has been updated with the Latest Version of CCTNS CAS MS HotFix 3.1, and Release_Offline_3.2_and sync_3.1. Timely upload of foreign police officers training schedule, CFPB Annual publication “Fingerprint in India-2013”, AIBE-Fingerprint Experts-2014, were done to enable the branches to effectively convey the information to the officers concerned. Separate new Motor Vehicle links were provided for the police stations and citizens. List of Missing persons and Un-Identified Dead Bodies are updated weekly to give it a larger publicity.
