MESSAGE

It gives me immense pleasure that National Crime Records Bureau is publishing the 27th edition of the annual publication "Prison Statistics India" for the year 2021. The report contains statistical analysis pertaining to various aspects of prisons and its administration. The statistics published in the report are important for detailed and in-depth analysis of correctional administration in the country and for effective policy formulation.

2. I compliment the Heads of Prison Departments of all States and Union Territories for their sincere efforts in furnishing the required data to the Bureau in a timely manner. I also commend the efforts of Director, NCRB and his team for collating and publishing the data received from the States and UTs in the form of a report.
