INTRODUCTION

This annual report is designed to present statistics of accidental deaths and suicides in India. It is divided into two parts. Part I deals with 'Accidental Deaths' and gives all India, State-wise, Union Territory-wise, Metropolitan City-wise, age-wise & sex-wise figures of such deaths. Part II attempts to present similar statistics in respect of 'Suicides'.

2. While the number of accidental deaths increased to 113016 in 1975 from 110624 in 1974, the number of suicides came down to 42890 in the same period from 46008 in 1974.

3. The data has been compiled from figures furnished by the States, Union Territories & Metropolitan Cities.
